

Killer Green #2

RYC's Laser Midwinwinter West Daily Newsletter

While early in the regatta the Laser Leaders are Sean Kelly (1,3,2); Greg Martinez(4,1,3) and Kevin Taugher(2,4,5);

IN the Radials it's Mitchell Kiss(3,3,1); Kieran Chung(2,4,2) and Domenic Bove(5,2,4).8

Thank God the wind filled from the right direction---finally. Nobody really appreciated starting both groups off to San Rafael only to abandon midway up the weather leg as the breeze slowly filled in from the Gate. Good breeze it was too, building up to 12 maybe more at the top with a sedate little chop.

The RC was glad to get in three races. According to PRO Del Olsen, "Didn't want to give up on such a nice sailing breeze and in before sunset." He was almost embarrassed starting the last race a wee bit before 5. After only two general recalls. Thereafter said Del, "The black flag does a lot for the appearance of the line.

John Betrand with a (5-1-13) is fifth in standings. According to John "Today I had 2 good starts.[The 13th] " was a self inflicted" bad start in t he third race. It was the short one so he ran out of

time to make up ground. "The courses were set really well having with beats, reaches and runs and a lot of opportunities for passing." He's a Bay Area product. John said, "It's like a walk down memory lane." His old coach from San Rafael, Bill Monti, even came over to visit. Otherwise John has been busy. He says he's at his Finn weight now. "This is great motivation to get back in shape. Been training in Florida."

Kieran Chung(2-4-2) of Newport Beach called it "a very tricky day" He credited a good starts at the pin end for his success. In one race he could see the starboard tackers were headed so he kept on to port and consolidated once everyone had gone over. Today's chop was pretty good.

Master Simon Bell said, "It's big fleet when they're all in front of you." Betcha's he's tired but a cup of tea will get him right. Stillthe only divisions are between Standard and Radial, but the masters know who's who. Chris Boome had a long day. "I get better each race. First I was in the 40's next race in t he 30' and finished in the 30's. Great day"

IN Radial Race #2 # 169528 is disqualified. Radial 186536 is awarded average points for race 2 & 3 to be calculate at the end of the series.
